

## PLACEMENT ACTIVITIES 2014-2015

We have full-fledged placement cell, which monitors the employment opportunities and arranges campus interviews for the final year students. Our campus recruitment program starts in the month of June i.e., as soon as the Pre-final semester starts. We are very glad to say that 75 students have been already placed in this academic year (2014-2015). It is really amazing thing for a students to have their "Appointment Order" even before they finish their degree, it is happening here in MEASI Institute of Management.

The On Campus recruitment program keeps continuing till the end of the final semester, and then we help our students by arranging Off-Campus Interviews too. We do not encourage students, who are already placed through campus selection to attend further interviews. Our management has a strong policy decision not to encourage the companies doing Education & Training activities to attract the students in the name of placement orders, by insisting them to do so some course in their organization by paying money.
